

EC Declaration of Conformity

Council Directive
2006/42/EC Machinery Directive

The manufacturer: Jiangyin Titan Machinery Equipment Co., Ltd.
Company name: Jiangyin Titan Machinery Equipment Co., Ltd.

Firm Address: Room 407, Building 2, No. 2 Binjiang west road, Jiangyin City, Wuxi,
Jiangsu Province, China

of the Product: Y83 Series Hydraulic Briquetting Press

The Y83 series hydraulic metal chips briquetting machine is suitable for
steel making plants, recycling and processing industries, and non-
ferrous and ferrous metal smelting industries. Cast iron scraps, steel
scraps, copper scraps, aluminum scraps, etc. can be extruded into
cylindrical briquette to reduce transportation and smelting costs and
increase the furnace casting efficiency.
